MEETING**

Motion: Jeff Langan

Second: Mollie Toonen

Motion: Passed

OPEN DISCUSSION/NEW BUSINESS ITEMS ADDED TO THE AGENDA

1. All updates will be digital only, starting with our December meeting. They will be sent to the members PDF; members read them and then save them on their phones to access at our meetings. The minutes from the Council meetings and the agendas will be in the black binders for our meetings. Rosemary will keep paper copies in her binder and online.
When updates are shared, from the staff person to the liaison, they should be a summary. Rosemary will take notes at the meeting to put the summary into the minutes.
2. Light reorganization of staff. (Fr. Tom)
The job descriptions are being reviewed looking at each individual staff person and their responsibilities. What is effective or no longer effective? Does the job description fit the mission of our parish? Can committee members volunteer and take on more of the responsibility of the committee to lessen the load for the staff person? Father Tom will share more at future meetings.

OLD BUSINESS

1. Care for Creation—Resolution shared with the Council (Jeff)
The purpose of the resolution is to inform the Finance Committee of needs and the parish. It is the committee's communication plan. It addresses the initial goal of 20% reduction in carbon footprint by July 1, 2026. It is based on Pope Francis's Care for God's creation. (See copies of the resolution with these minutes)

Motion to accept the resolution:
