Fr. Bob reported:

AM and PM Eucharist Study Group is going well.
OCIA group meeting with Sylvia and Fr. Bob on Saturdays.
Candidates and Sponsors are present for the meetings.
One member will be ready, but another may need more time.
The process cannot be rushed.

Faith Formation/Family Life Mollie Toonen

Karolyn Efferson

Mollie reported:

Generations of Disciples continues and is well attended. Families celebrated First Reconciliation. St. Nick breakfast was a success. Family Bingo this Sunday at 2PM.
Fr. Bob said this is his first experience with the family model for Faith Formation and he likes it very much. It is good to see the whole family attending and not having the drop off.

Health and Wellness

Lisa Milligan

Karolyn Efferson

Lisa shared:

Blood Pressure checks are available on the first Sunday of each month. Beth, member of the committee, would like to have more people helping so we could have blood pressure checks before the 4PM mass too. That is an older group attending and they may like it before mass. It would be worth a try.
Lisa will ask that the committee meet to discuss this.

Care for Creation

Jeff Langan

Nancy Mathias

Jeff shared:

The committee continues to actively work to reduce our energy consumption and look to educate our parish community on steps we can all take to better care for God's creation. Efforts are currently focused in three areas:
· Facilities (the physical plant)
· Parish Outreach/Education
· Student Education

Full Committee Meetings held: 12/7/2025, 1/4/2026

Major Activities:

- We collected an estimated 3,650 feet (~2/3 mile) of holiday lights (117 working and 81 non-working strings). Non-working lights are being recycled. We'll hold the working lights and work to get them to EPH, HFH, etc. early enough this year to distribute to residents to use.
- Our recycling event this year will be held on April 11 at the Old Chicago Parking Lot. Kevin is working on getting a sponsor so fees can be waived for people dropping stuff off.
- Parish and school completed enrollment in the Energy Bill Verified Savings Program in December. Waiting for words back from Focus on Energy.
- Bassett should have completed work on fixing HVAC issues.
- Additional things we're talking about:
How can we bring the concept of a 'circular economy' into our activities?
How best to share what we're learning about energy savings with others.

Support Needed:

- Discussion of LSAP at the January PC meeting.

Next Meeting: 1/18/2026

If you know of people willing to join the meal train, have them contact Sarah too.

Bob can share details of the ministry that supports APUFRAM, whose leader is Fr. Emil Cook. Res will host a Fundraiser dinner Plan A after 4pm mass on January 17. If there is a Packer Game then Plan B is Sunday, January 18 at 5PM. Debbie Ruggles is in the lead on preparing a free donation dinner. Fr. Bob and other leaders will give a brief presentation. We will also have a second collection at all masses that weekend.
